

Instructions for Hoss Plows - Images show the older Green + Black plows with the single bolt, but the NEW all-black plows with the double bolts can attach in all the same configurations. (and they are stronger)

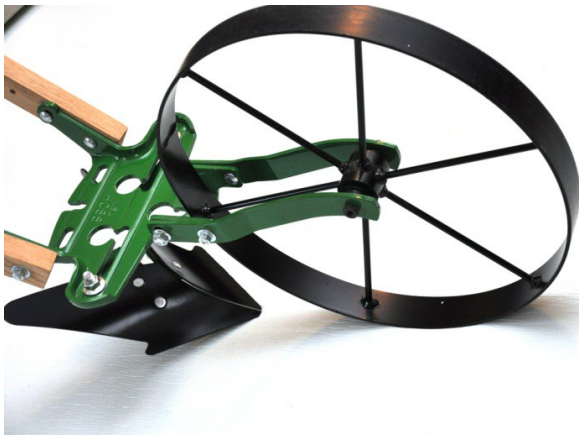

HM5 (Left Plow)

HN5 (Right Plow)

Each can be use individually.

Together, can be used as a middle buster or furrower.

When separated, they can be used as hilling plows or a furrow closer.
